MAD SCIENCE®

ENRICHMENT PROGRAM

REGISTRATION FORM

Harnessing Heat: Witness a mini rocket launch while learning the properties of heat. Change the states of matter, turn solid candy into floss and make your own cotton candy that you can eat!

Slime! Explore the exciting world of polymers, the chemical reactions we use to create them and the inner workings of silly putty. Transform two liquids into an oozing batch of your own slime.

Lights, Color, Action! Uncover the hidden components in ordinary light and build your own Newton's color wheel to prove it. Attend a spectacular chemical energy display!

Magnetic Magic: Explore magnetic attracting and repelling forces, confuse compass needles, and magnetize paper clips. Discover Earth's magnetic properties, and take home your own Magnet Lab!

Tantalizing Taste: Experiment with taste sensations while "mapping" out your tongue. Test your senses of smell and taste. Carbonate and taste soda pop and take the "Mad Science" taste challenge.

Watt's-Up: Learn about electricity, its properties and its role in natural phenomena. Make indoor lightning while conducting hair-raising experiments with our electro-static generator.

Optical Illusions: Build your own undercover observer while learning about optics, reflection and sight. Watch celebrity images change before your very eyes! Seeing is not always believing.

Mad Science presents **Molecule Mania**
at Ladera Elementary

Class Day: Monday, 2:50 – 3:50 p.m.
